# IT and myRobogals

James Li
*Chief Technical Officer*
Robogals Global

QR

- If you want to grab a few URLs, we have them in QR codes

What have we worked on?

- New Robogals Global website

- New Science Challenge website

- New myRobogals (of course!)

- … with other background work

robogals.org

robogals.org

- Style and format will be used for upcoming combined Regional + Chapter websites

- We would like feedback before Regional + Chapter rollout
  - Design (how it looks)
  - Function (what it should do)
  - Structure (what it should describe)

  - We want it to reflect you and your chapter in the best way possible

or send an email to
james@robogals.org

myRobogals "Training"

- "Training" is a misnomer for this presentation...

- We're making it as easy as possible to use myRobogals
  - Which should negate this talk!

- So instead we'll talk about what's in at the launch
  - We'll also be happy to take your feedback (if time allows)

myRobogals

- All new from scratch

- Sizes to fit mobile and desktop

- Smoother, consistent interface

- Smaller, faster pages

- Most of you would have used it for RSVPs in August

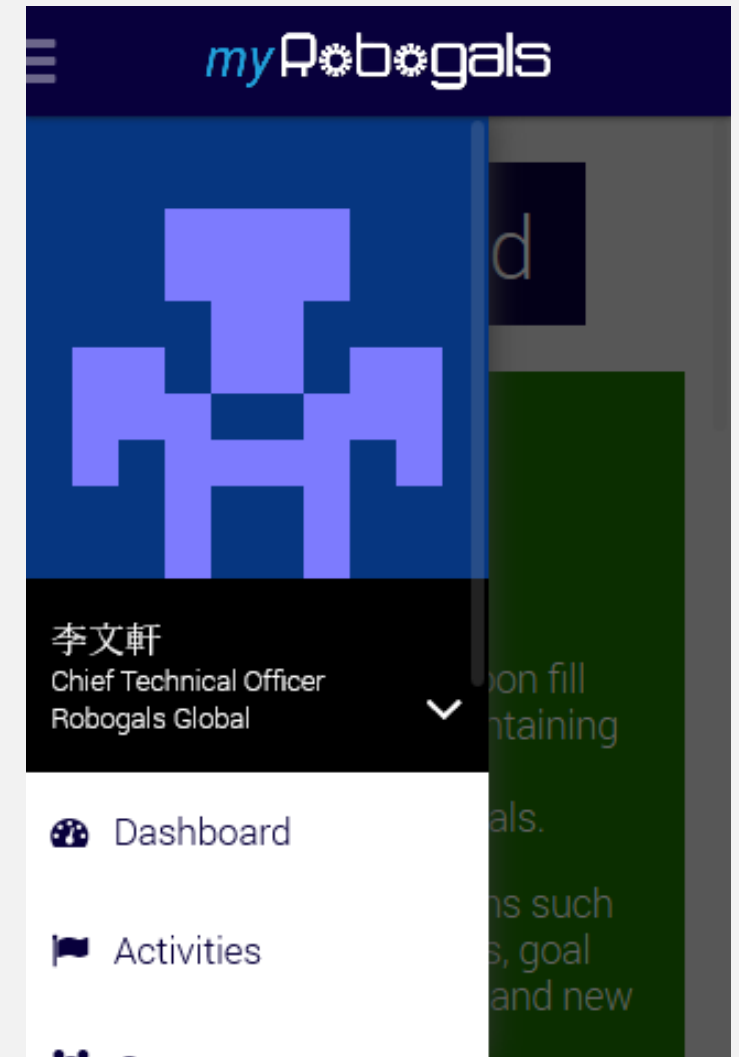

myRobogals

Dashboard

What's the Dashboard?

The Dashboard will soon fill with various cards containing an overview of your involvement in Robogals.

Cards will include items such as upcoming activities, goal progress of chapters, and new ideas for workshops.

If you have a suggestion for

What's with the weird user image?
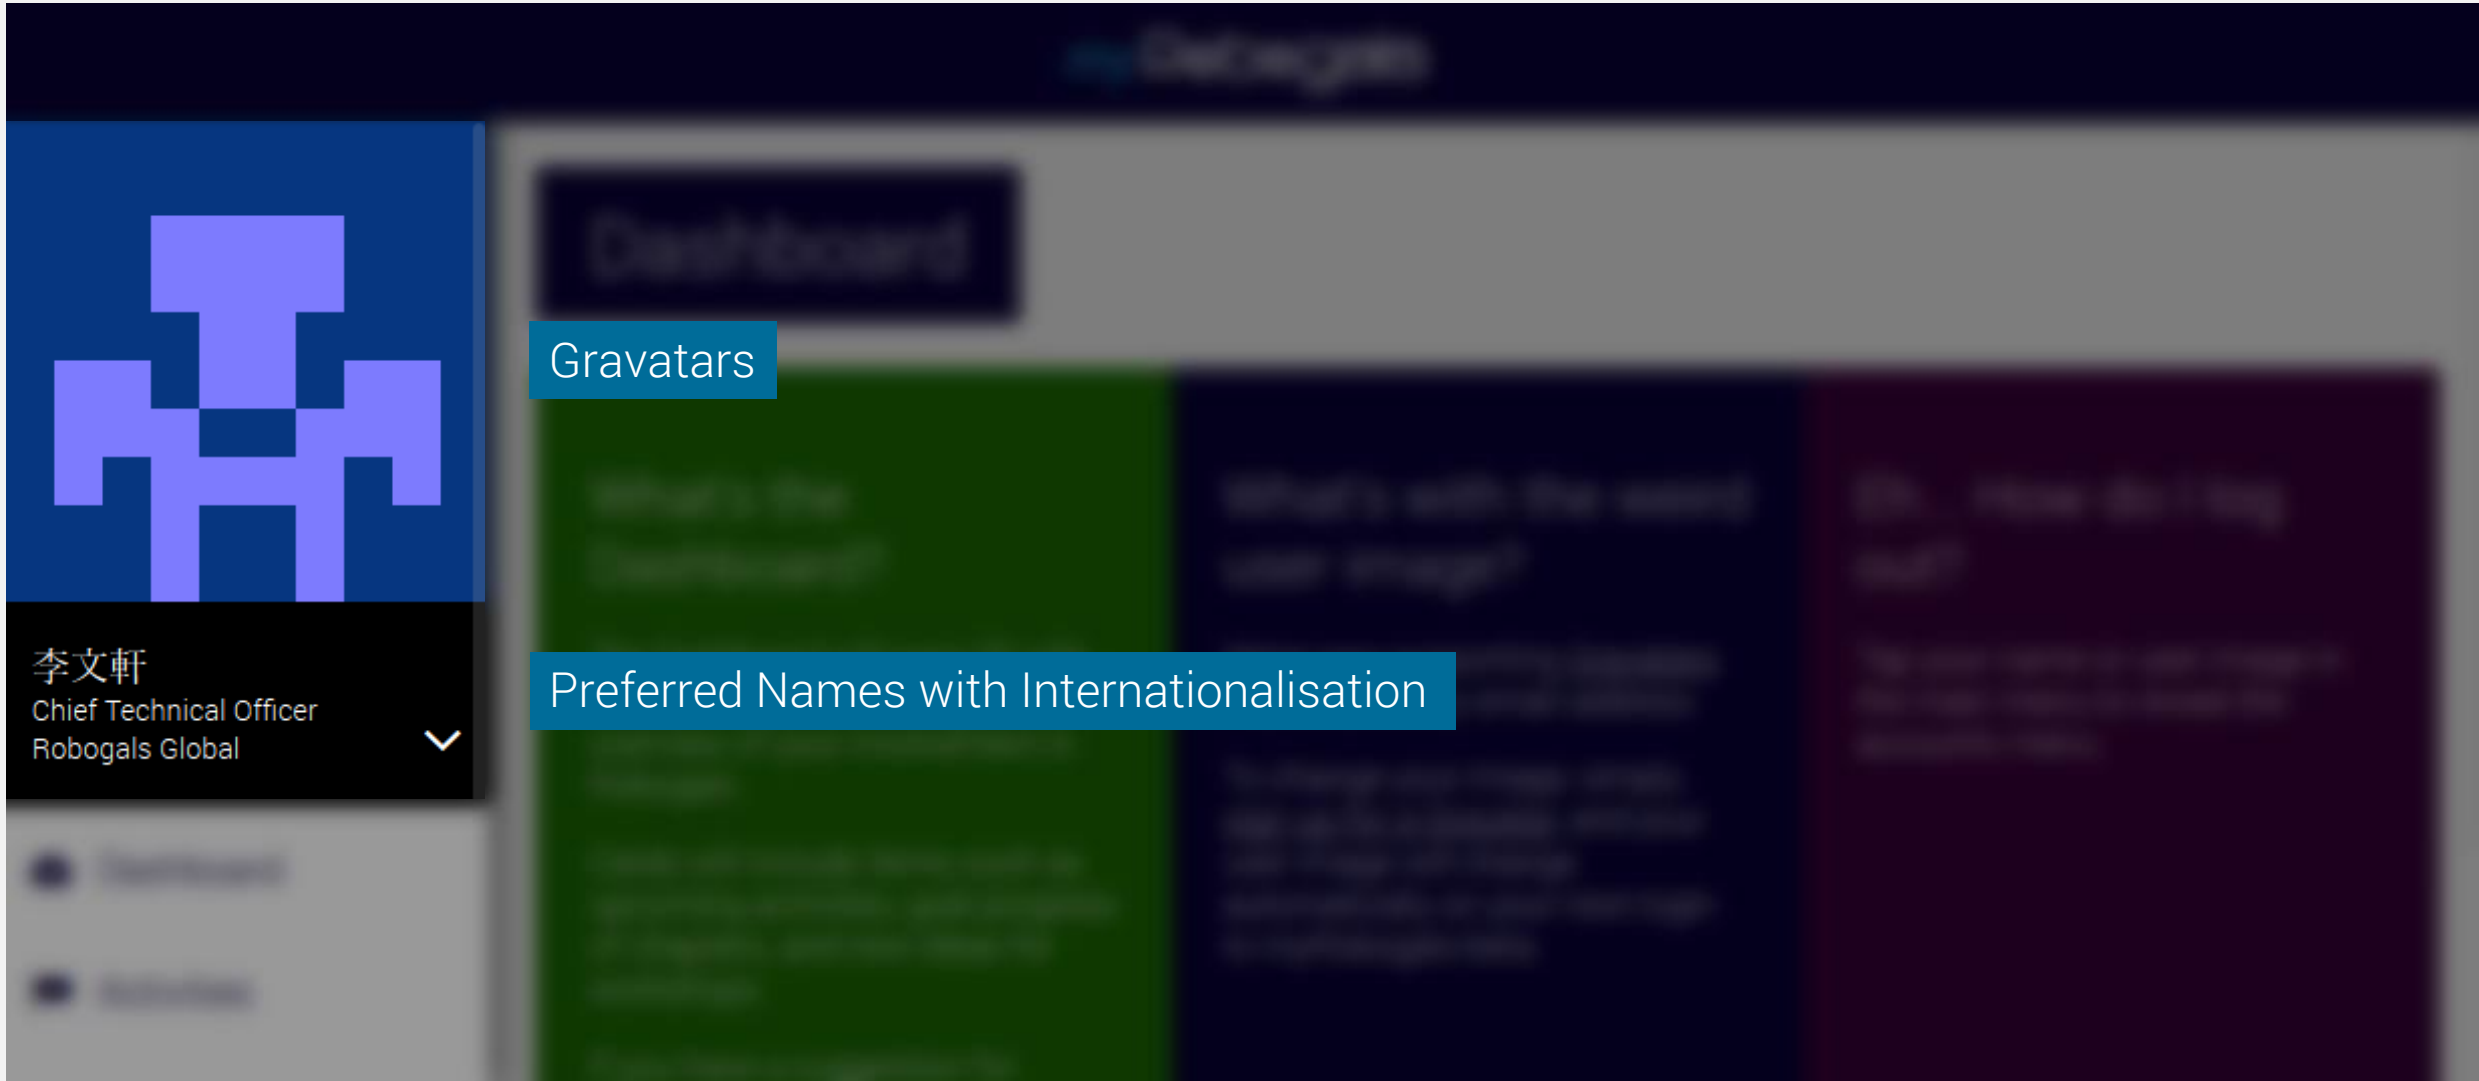

We're now supporting Gravatars on your primary email address.

To change your image, simply sign up for a Gravatar, and your user image will change automatically on your next login to myRobogals beta.

Eh... How do I log out?

Tap your name or user image in the main menu to reveal the accounts menu.

Robogals Global

Activities

- The new centralised location for all "activities"
  - School workshops
  - Training workshops
  - General events (e.g. university fairs)

- Invite people from anywhere (with RSVP)
  - Get people from other chapters involved in your workshops!

- Event feeds
 - We'll be able to show it on regional websites!

Groups

- Organising people into groups
  - Chapters
  - Teams (e.g. Regional, or your own working groups)
  - Personal contact lists

- We're adding support for companies and schools
  - Linking with people outside of Robogals
  - Gets everyone involved, to join into a wider community

Reports

- View data collected on myRobogals
  - Activities and Workshops
  - Overall chapter progress

- Download raw data for your own use

- *What data would you'd like to get from myRobogals?*
  - e.g. Chapter student participation?
  - **james@robogals.org** or use '**Feedback**' menu item in myRobogals beta

Messages

- New messaging framework
  - Replaced core email delivery system in February
  - Smoother bulk sending, no more crashing

- Redesigned message composer
  - Type the people or groups you want to send to

- Template emails

- Sent email status
  - Delivery success
  - Open tracking (on supported emails)

Repository

- Getting ideas together
  - Upload files
  - Post ideas

- All items are tagged
  - No more rigid folders ("Where should this go…?")
  - Search by name or tag

- Replaces 'Forums and Files' on current version of myRobogals
  - Most of the posts at present are more suited for a "repository"

- Planning for a "Workshop Builder" on top of this in future

Apps?

http://xkcd.com/1367

API = Build your own apps

- We're putting out an API at the start of 2015
  - myRobogals beta website is partially using it right now

- Will allow access to most of myRobogals

- If you're interested in building an app, please email **james@robogals.org** to register your interest

myRobogals

beta.my.robogals.org

Have feedback?
Hit the '**Feedback**' menu item inside

- Repository launches next week

- More will be available over time

- We'll be moving data over Christmas/New Year

- Launches in January 2015
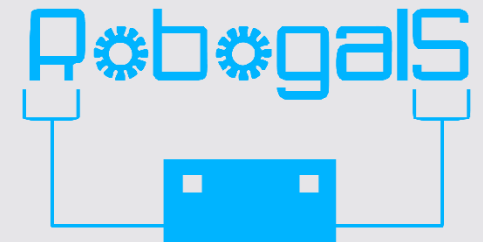

Software Team

- We're a small team
  - Myself
  - Bagus (Canberra)
  - Yuk (Melbourne)

- Recruiting for the Robogals Software Team
  - Contact Taryn (Global COO) for more information
  - **taryn@robogals.org**
Robogals Knowledge Tree

Kellie Ly
*Deputy Chief Operations Officer*
Robogals Global

Robogals Knowledge Tree

- Updated manual to Robogals
  - Replaces "Running a Robogals Chapter for Dummies"

- 4 packs
  - Starter Pack
    - General information for new chapters/committees
  - Chapter Pack
    - More information on chapters and running them
  - Project Pack
    - Information about current and upcoming projects
  - Operations Pack
    - Mostly for our use for procedures like creating new chapters, marketing guidelines
